# HONEST GOODS—HONESTLY PRICED— EXTRAORDINARY VALUES

*Constructing square columns for bookcase colonnades. Each edge perfectly joined before gluing. Corners are then reinforced with special glued in blocks.*

**S**O much is added to the beauty of a home by the Bookcase Colonnade that the builder is handsomely rewarded at the time of sale or renting because of the fine impression made. While it serves to vastly improve the appearance of each of the rooms it separates, it also has practical use as a bookcase or for glass or chinaware.

A Bookcase Colonnade of Bertelsen make is especially attractive; the exquisite designing, the flawless workmanship, the fine wood, convey an unmistakable atmosphere of elegance and refinement.

The Baroni Bookcase Colonnade No. 644

No. 644.	Bookcase Colonnade—Yellow Pine.....	\$40.00
No. 645.	Bookcase Colonnade—Oak .....	48.00
No. 647.	Hardware Lemon Brass, Extra.....	1.25

## Massive Dignity

You will like its simplicity of design; that is what gives it that massive dignity. An investment in home beauty you will be glad you made.

**I**N THE BARONIAL you get exceptional value, because although it is medium priced the quality is of the best. The superior quality is possible because we select our lumber with great care and then dry it in our own kilns in accordance with the highest standards.

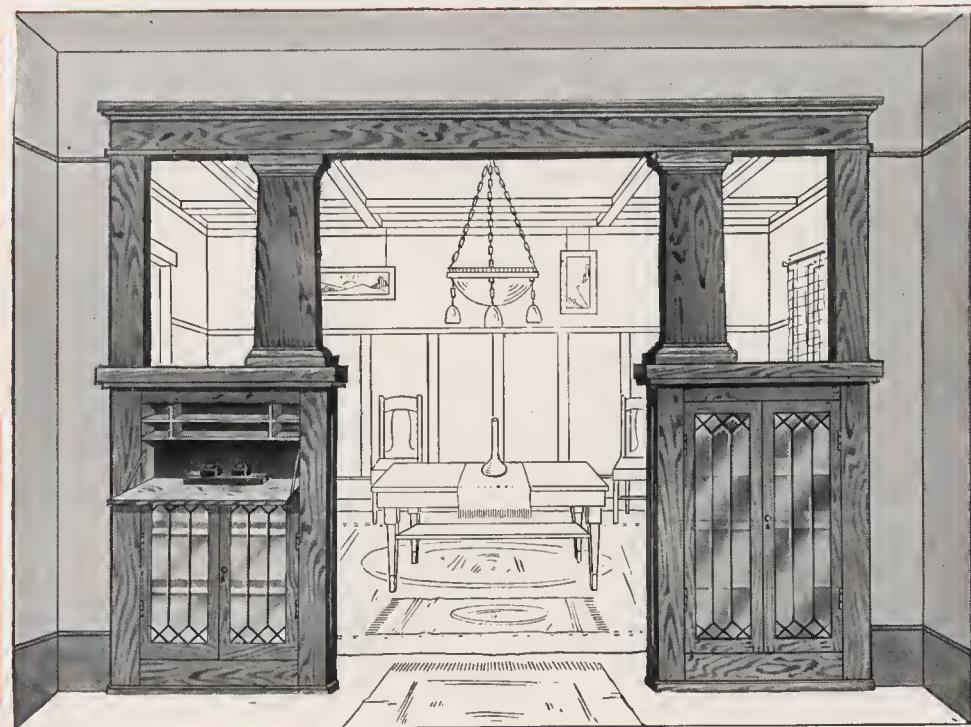

The pedestals and columns of THE BARONIAL are excellently proportioned—neither too frail or too heavy. The doors are of the finest clear leaded glass, which is set permanently into the best glazier's metal. Both the sides and back are nicely paneled. The panels are three ply veneer built-up stock with a finely figured grain. The back of the panel, which shows inside of the pedestal, is of the same stock as on the outside; all panel settings come flush with the stiles both inside and outside.

Suitable for openings from 6 feet to 12 feet wide and up to 8 feet high. The columns are 6 inches square, tapered and can be cut down to fit opening. Pedestals are 2 feet wide by 4 feet 2 inches high; inside depth is 8 inches. Shelves are adjustable. Everything is hand smoothed and sanded. Doors fitted. Furnished in the white, without stain or varnish so finishing can be made to match room. No casing, cap trim or hardware included. Hardware priced separate. Well wrapped in paper and crated; shipping weight about 200 pounds. Stock. Prompt shipment.

**PRICES AND QUALITY TO BRING US YOUR  
BUSINESS YEAR AFTER YEAR**

**T**HE Castleton is truly an artistic creation that will give much pleasure from the standpoints of interior decoration and real utility. It is a late addition to our line and we are mighty proud of it. The increased renting or selling value of a home is many times over pay for the cost of this beautiful Combination Bookcase and Writing Desk Colonnade.

Particularly note the double door effect in pedestals, which must be actually seen to be fully appreciated.

*Trimming cabinet doors.  
The saw guide assures  
perfect square corners  
on stiles and drawer  
stock.*

No. 659

**T**HE lumber is carefully selected and dried in our own kilns; all parts are carefully machined and assembled by expert cabinet makers. Columns and pedestals are tastefully proportioned. Suitable for openings 8 feet to 14 feet wide. Columns are 7 inches square, tapered, 3 feet 10 inches long and can be cut down to suit the opening. Pedestals are 2 feet 6 inches wide by 4 feet 2 inches high, depth inside 10 inches. Movable shelves.

The doors are glazed, diamond lights, with clear double strength glass set in the best glaziers metal and are there to stay. The face and reverse sides of pedestals are neatly paneled. Panels are 3 ply built-up figured veneer. Panel on inside of pedestal same as on face. The stock is perfectly fitted to the stiles on the inside same as on the face.

This colonnade can also be furnished with full length doors in both pedestals. See cut No. 661.

Furnished to you in white, without stain or varnish—all hand smoothed and sanded, all set up ready for your finisher. No easing, jambs, head trim or hardware are included. Hardware priced separate. Well wrapped and crated. Shipping weight about 250 pounds. Stoek. Prompt shipment.

**Designed  
Exquisitely**

You may economize wisely on other features of your building's construction, but you cannot overlook this; its splendid designing adds value.

**THE HIGH STANDARD OF THIS FURNITURE  
NEVER VARIES**

## WORKMANSHIP OF THE HIGHEST QUALITY

IT would be hard to accurately estimate the value of this china-closet that sets in the wall between the kitchen and the dining room. That it saves labor and time is out of question. It adds considerable to the renting value and selling value of house; as a builder you should consider this factor very carefully.

Dining Room Side

Kitchen Side

### *The Fairfield*

THE cabinet is finely constructed throughout from the best lumber, which is perfectly dried in our own kilns. The machining is carefully done and all parts are assembled by expert cabinetmakers. The upper section facing the dining room side has four doors, which are glazed with art glass set in the best glaziers metal. French plate beveled mirror 54 inches by 12 inches, set in frame to slide up and back in groove, leaving space open on counter to pass dishes through. When down, the mirror shows a panel on the kitchen side. The drawers in the lower section can be operated from both sides. Doors also open on both sides. Width 5 feet, height 7 feet, depth 14 inches. Furnished in white, without filler or stain. Hand smoothed ready for finishing. Shipped in two sections, top and bottom. Carefully crated. Shipping weight about 300 pounds. Hardware priced separate. Stock. Prompt shipment.

# FURNITURE PACKED WITH GREATEST OF CARE FOR SAFE DELIVERY

**W**HETHER considered from the standpoint of utility or beauty, a buffet is an indispensable article of furniture which the builder of a home

cannot overlook. The buffets illustrated on this page are particularly desirable because of their beautiful designing and rich appearance.

## ALLISON

This buffet sets out from the wall just enough to look attractive. The ends are finished so you have the choice of leaving the buffet stand out or it can be set in a recess opening. Note the generous counter space for display. Each side has plenty of room for china and glassware. Finest kiln-dried lumber is used. All stock is edged and glued. Careful machining and joining and fitting by cabinetmakers assure a perfectly finished job. Doors are tongued and glued for durability.

Width 6 feet, height 5 feet 4 inches, depth 14 inches. Height from floor to counter 2 feet 9 inches. Doors are glazed with double strength clear glass. Equipped with finest quality plate mirror, 30 inches by 24 inches. Furnished complete with head trim, with exception of hardware, which is priced separate. Shipping weight about 300 pounds. Can also be furnished with leaded glass doors, as shown in above illustration.

## BUILT TO LAST—DESIGNED TO BE ADMIRE

**T**HE type of buffets illustrated below are preferred by many because of their length and the comparatively low height of

the upper section which creates an attractiveness that is highly individual. Design and construction is of superior quality.

### FAIRBROOK

The buffet shown to the right is designed to set up flat against the wall just like any other piece of furniture. The long broad counter makes possible a large display. The big roomy drawers will hold a surprising amount of linen, chinaware and silverware.

The lumber used is carefully selected for grain and color and is kiln-dried in our own kilns. All parts are carefully machined and built up by expert cabinetmakers. Stiles and rails of doors are tongued and glued for permanence. Doors are glazed with art glass, set in best glaziers metal. Equipped with best plate mirrors. Buffet is 6 feet wide, 4 feet 10 inches high and 16 inches deep. Height from floor to counter, 3 feet 6 inches. Everything furnished complete as shown, except hardware, which is priced separate. The back is closed with beaded ceiling. Carefully crated for shipping. Weight about 300 pounds.

### LA SALLE

Here is shown another very beautiful buffet which will add charm and dignity to any home. It is designed to set flat against the wall. See how large and commodious all its compartments are and the large space available for storage of linens and silverware and chinaware. All lumber is carefully selected for grain and color and dried in our own kilns. Every part is carefully machined and perfectly joined. Door stiles and rails are tongued and grooved to prevent coming apart. Doors are glazed diamond lights, with clear glass set in best glaziers metal. The mirror is best bevel plate. Buffet is 6 feet wide, 4 feet 10 inches high and 16 inches deep. Height from floor to counter, 3 feet 6 inches. Furnished in white, without filler or stain. Buffet complete as shown with exception of hardware, which is priced separately. Carefully crated for shipment. Weight about 300 pounds.

# HIGH QUALITY LUMBER—THE BEST WORKMANSHIP THAT THE MARKET AFFORDS

## KITCHEN CABINET

**Gluing sides for China - closets.**  
Note that the stock stands edge up on the steam coils so same may be warmed before gluing and clamping. Best results are secured in this way.

**T**HIS combination kitchen cabinet and work table instantly wins the lady of the house. It is so neatly and compactly designed that it has enormous storage room for food and cooking utensils. Saves countless steps and adds considerably to the neat appearance of the kitchen.

**U**PPER section is screwed to wall. Lower section consists of work table, which has four large drawers. On one side is compartment for pots and pans; the other side is equipped with tilting flour bin. Then entire table rests on heavy castors and can be moved about the room for other purposes that a table might be used for. The table is also equipped with bread board which slides in and out. Upper section is 4 feet 6 inches wide and 4 feet 3 inches from top to bottom shelf, and 14 inches deep. Lower section, or table is 4 feet 6 inches wide, 2 feet 10 inches high and 20 inches deep. Made from finest lumber, kiln-dried. Made of yellow pine with exception of top of table, which is hardwood. Stiles and rails of doors are tongued and glued. Panels are of 3 ply, beautifully grained veneer. Shipping weight, about 250 pounds. Crating carefully done. Hardware priced separate. Stock. Prompt shipment.

## In-a-Door Ironing Boards

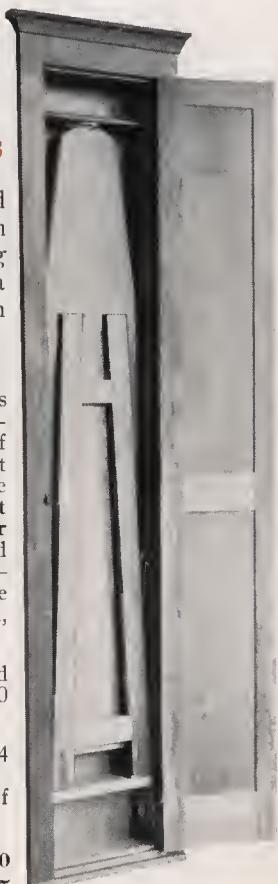

**N**O other convenience is appreciated more by the housewife of today than a practical, ever-ready, substantial Ironing Board built into the wall of her kitchen—a Board that is out of the way when not in use.

**T**HE IN-A-DOOR BOARD is acknowledged by everyone as the most efficient and substantial utility of its kind ever designed. It is a high class piece of cabinet work and built of only select Birch. Made to last. Unlike other Ironing Boards, it is not hinged, but rather slides in grooves to the bottom of the cabinet making it the only recessed Ironing Board on the market having a full sized 5 foot 6 inch Board in a regular room size door cabinet. Firm supports extending to the extreme end of the Board insures absolute rigidity. No wobbling—no fastenings to loosen—no metal supports or fittings to come in contact with clothes. The cabinet is designed with compartments at top and bottom for Iron, Wax, Pads, etc. Socket may be wired at bottom.

The IN-A-DOOR BOARD is complete with regulation board and sleeve-board, each operating independently. Shipping weight about 100 pounds.

Made to set in recess opening in wall. Width 14½ inches, depth, 4 inches, height, 7 feet.  
Price each, complete as shown, with or without trim, consisting of casing and cap.

## 10 Point Superiority in Bertelsen Built-in Furniture Features

- No. 1 High quality lumber selected for our particular needs is used. High quality lumber is none too good to maintain Bertelsen high standards.
- No. 2 We operate our own kilns in which we dry our lumber the way it SHOULD BE dried.
- No. 3 Bertelsen Built-in Furniture is beautifully designed to please people of taste.
- No. 4 Only experienced cabinetmakers do the work. No amateur can work on Bertelsen Furniture.
- No. 5 Every piece of furniture that leaves our plant is hand smoothed, ready for finishing. Rough spots and open corners never leave our place.
- No. 6 All veneers used are three ply, thus protecting you against warping or peeling off as happens on less durable veneers.
- No. 7 Doors are tongued and grooved, not merely stuck together with a little glue. That's why a Bertelsen door never comes apart.
- No. 8 Our jobs of mitring are a pleasure to inspect, so perfectly are the corners joined.
- No. 9 Bertelsen Built-in Furniture does not require much labor to install. It comes to you complete, leaving nothing undone.
- No. 10 Bertelsen prices are reasonable. We do not ask you to pay a premium for quality. Neither do we sell a price basis alone. We put in the best that is humanly possible.

### PROMPT SHIPMENT

All shipments promptly made, insuring you against costly delays caused by idle men on the job. Bertelsen service is extraordinarily prompt. Every item carefully packed for shipment to insure arrival in first-class condition.

### OUR UNCONDITIONAL GUARANTEE

We guarantee that any furniture built by us will give lasting satisfaction, that the lumber and workmanship are of the best quality. We guarantee every item to be exactly as represented or money back.
